

Instructions for Scoring a Match Offline

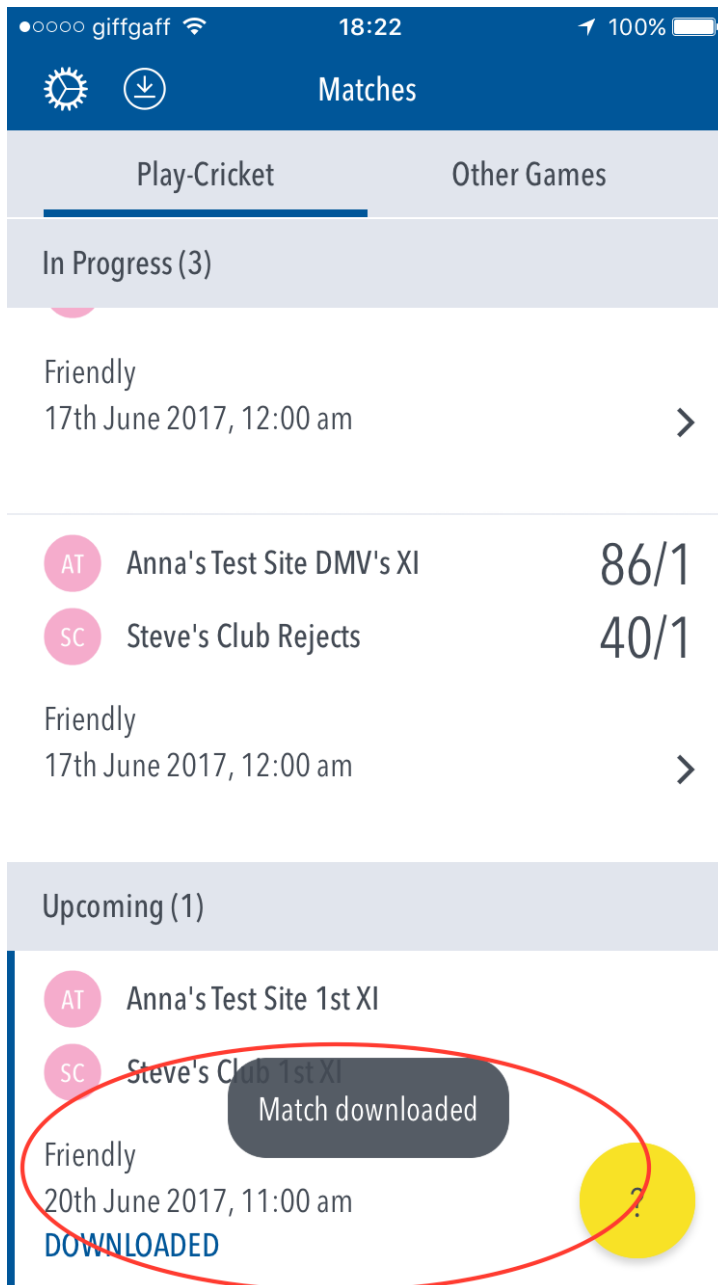

1. Once the matches have been created on Play Cricket, download them to your app whilst you are connected to WiFi
2. Choose the match that you will be scoring offline and download it by doing the following:

iPad/iPhone

Put your finger on the arrow and swipe to the left. Press the “Download” button.

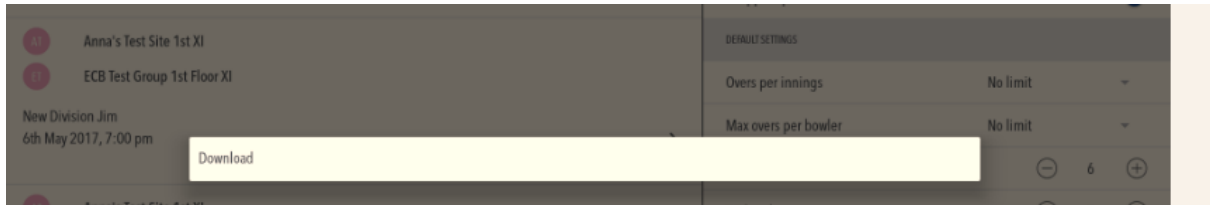

Press the "Download" button and the match will show a "Downloaded" message beneath the fixture

Android

Hold your thumb down on the coloured circles until the “Download” message appears:

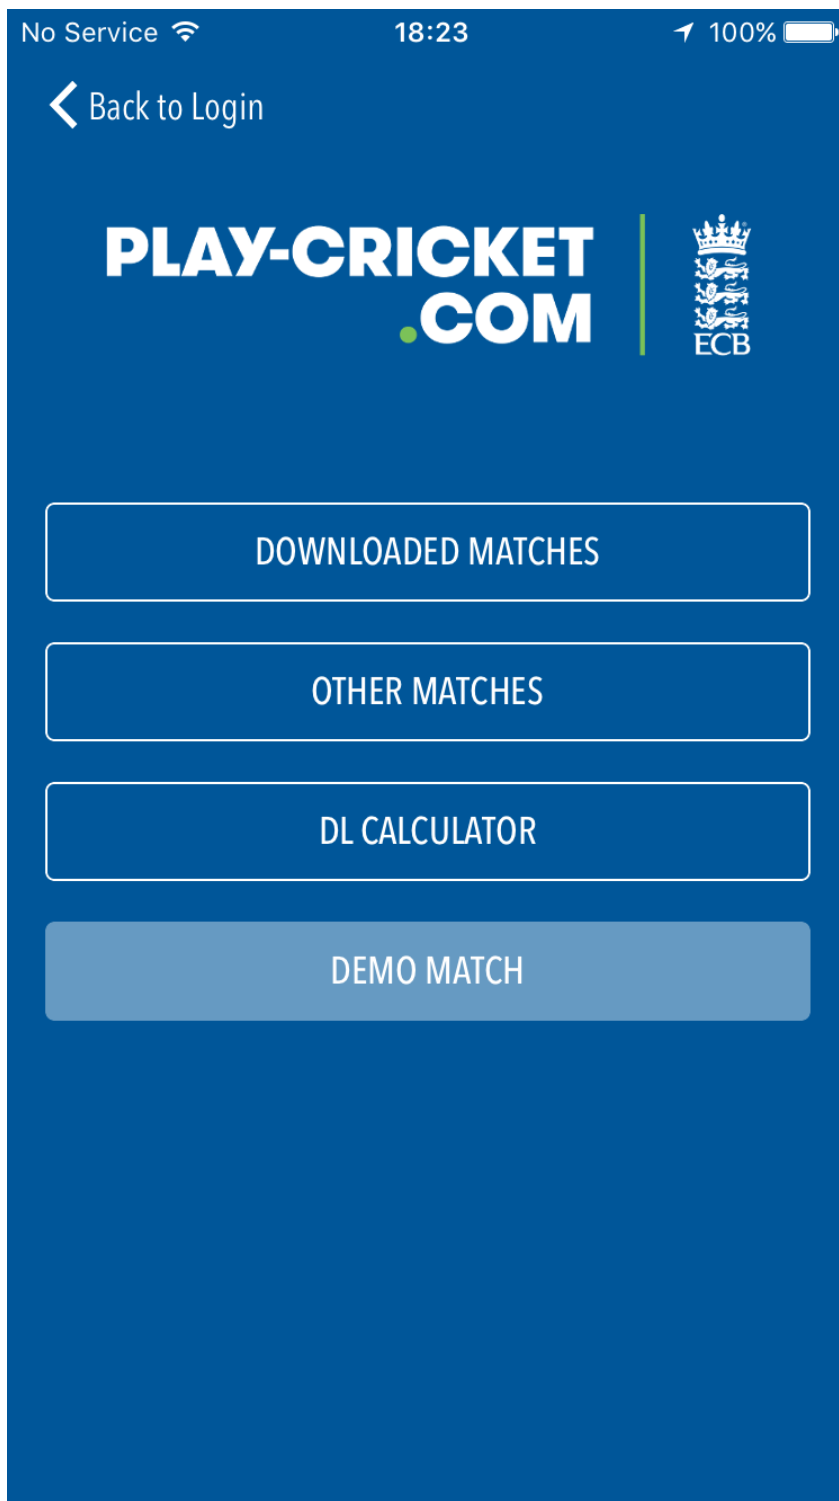

Select it and this will download the match for offline scoring:-

It is important that the actions below are carried out on match day

3. Log out of the app
4. Switch off Wi-Fi. This can be done by switching on Flight Mode or switching off the Wi-Fi on your device.
5. Access the app but do not log-in.
Go into the “CONTINUE WITHOUT LOGGING IN” option at the bottom of the screen.

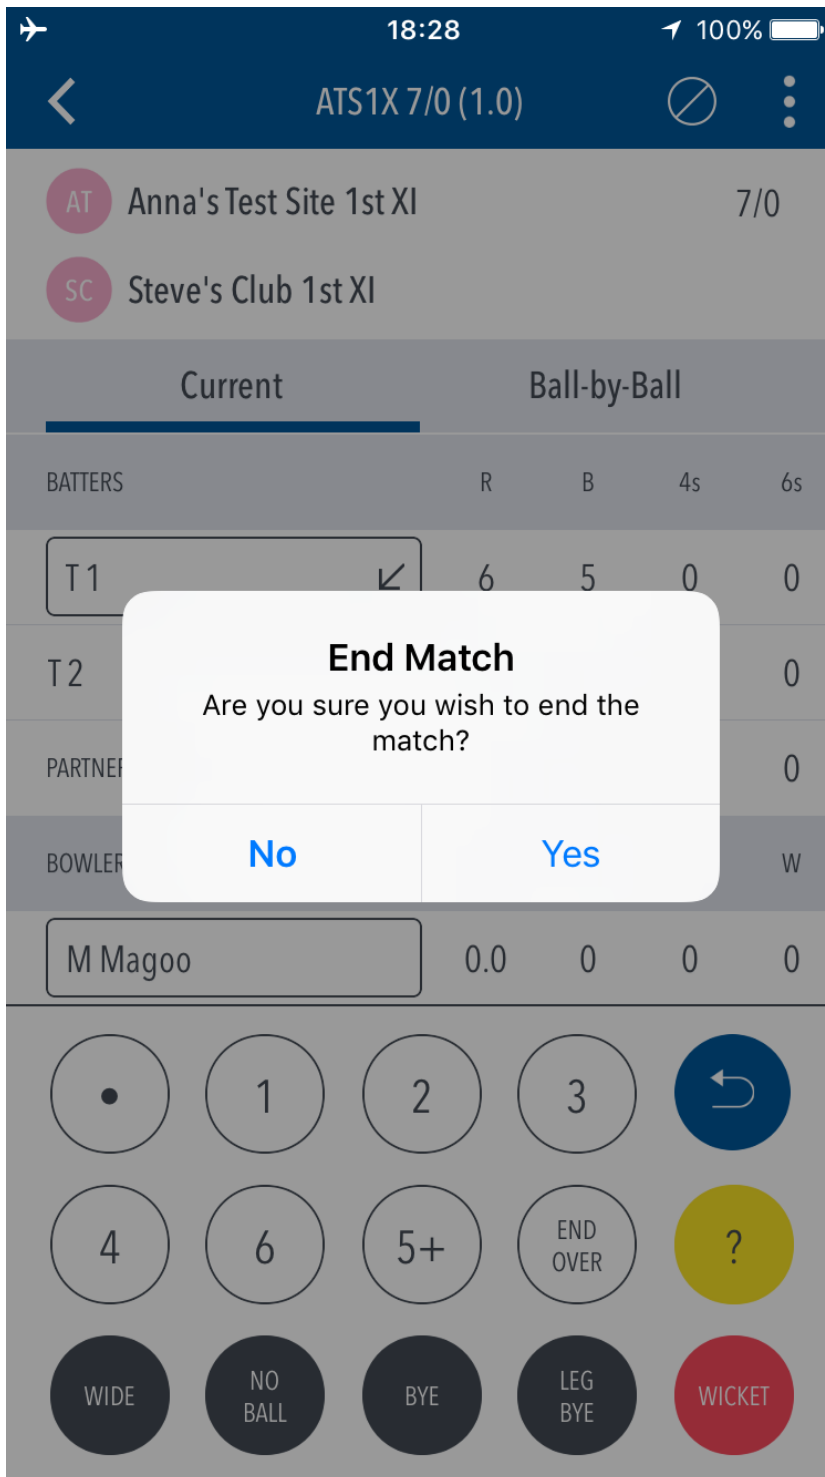

6. Select "Downloaded Matches":

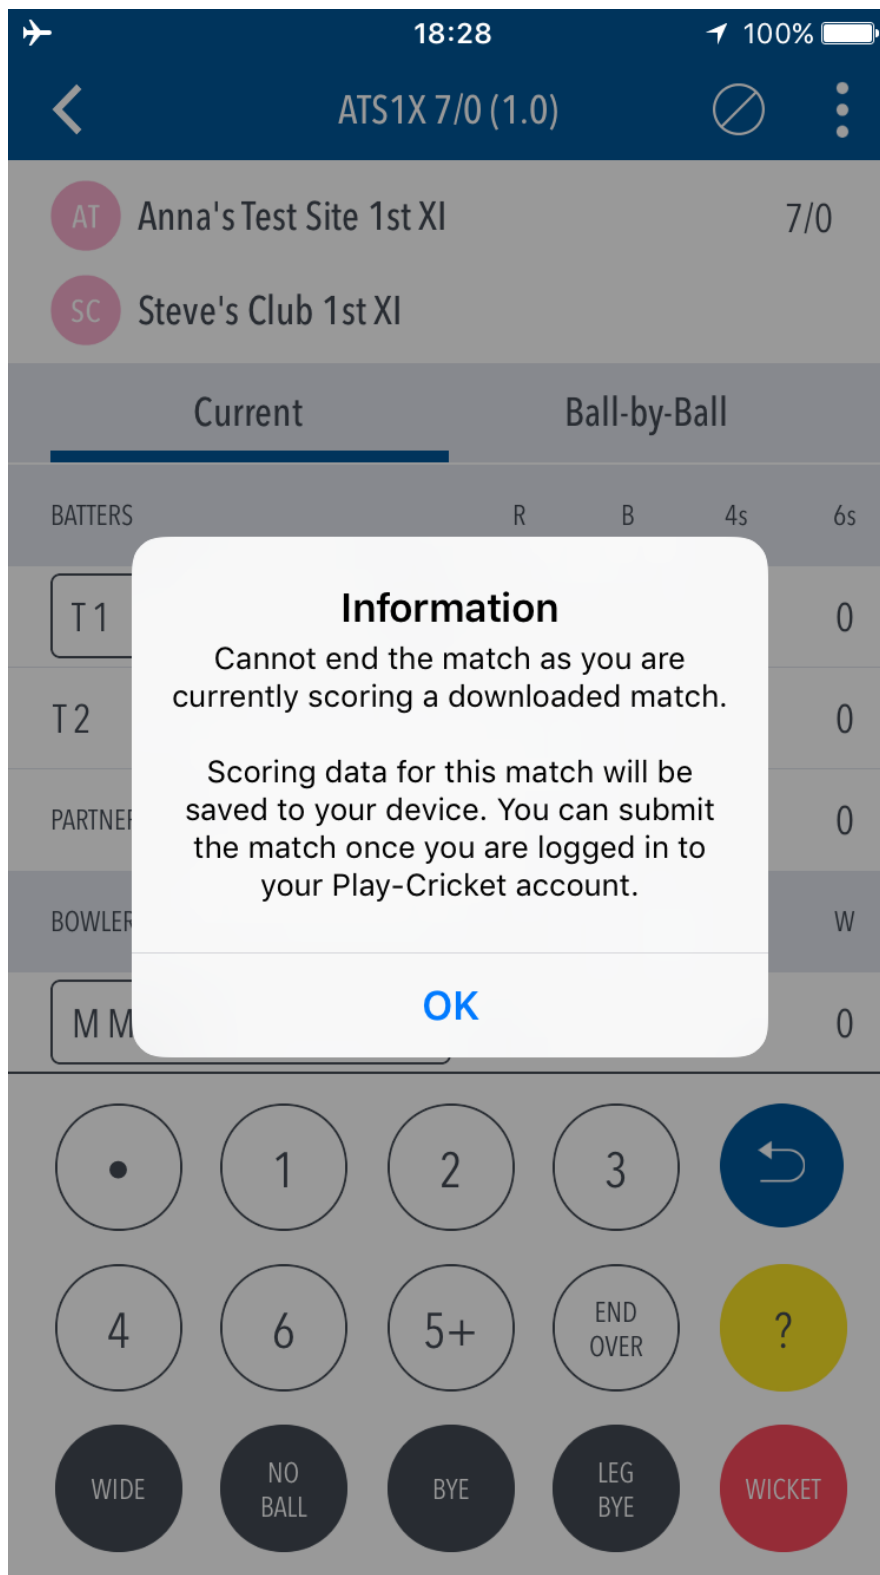

7. The match can now be scored offline:

8. Once the match is complete, make sure you end it and you will get a prompt to end the match. Select Yes.

9. Acknowledge the following information page:

10. The match will then appear in the 'In Progress' section with the note 'Awaiting Submission'.
